The Honorable Board of Supervisors  
County of Los Angeles  
383 Kenneth Hahn Hall of Administration  
500 West Temple Street  
Los Angeles, CA 90012

Dear Supervisors:

**APPROVAL OF AMENDMENTS TO THREE AGREEMENTS FOR  
EQUIPMENT MAINTENANCE AND REPAIR SERVICES AND  
OTHER HOSPITAL SERVICES  
(ALL DISTRICTS)  
(3 VOTES)**

**SUBJECT:**

Request approval of three Amendments for equipment maintenance and repair services and other specialized/critically needed hospital services at various Department of Health Services' (DHS) facilities.

**IT IS RECOMMENDED THAT YOUR BOARD:**

1. Authorize the Interim Director of Health Services, or his designee, to execute Amendment No. 4 to Agreement H-300538 with Steris Corporation (Steris), to extend the term of the Agreement for three years effective July 1, 2009 through June 30, 2012, for the continued provision of maintenance and repair services of sterilizers at Harbor-UCLA Medical Center (Harbor), High Desert Health System (High Desert), LAC+USC Medical Center (LAC+USC), H. Claude Hudson Comprehensive Health Center (Hudson), Hubert H. Humphrey Comprehensive Health Center (Humphrey), Olive View-UCLA Medical Center (Olive View) and Rancho Los Amigos National Rehabilitation Center (Rancho), at a cost of \$235,578 for Fiscal Year (FY) 2009-10, and total three-year cost of \$730,054.
2. Authorize the Interim Director of Health Services, or his designee, to execute Amendment No. 3 to Agreement H-700846 with National Radiologic Physics (National) to extend the term of the Agreement for one year, effective July 1, 2009 through June 30, 2010, for the continued provision of radiology equipment evaluation and radiation detection services at Olive View and Mid-Valley Comprehensive Health Center (Mid-Valley) and to add LAC+USC to the Agreement, at a total annual cost of \$66,325, and to extend the Agreement on a

month-to-month basis for up to one year through June 30, 2011 under the same terms and conditions with no further action required, and to terminate the Agreement upon a 10-day prior written notice.

3. Authorize the Interim Director of Health Services, or his designee, to execute Amendment No. 1 to Agreement H-702174 with Total Repair Express, Inc. (TRE) to extend the term of the Agreement effective July 1, 2009 through December 31, 2009, for the continued provision of equipment maintenance and repair services of scopes for Harbor and Olive View, at a cost of \$60,000, and to extend the Agreement on a month-to-month basis for up to six months through June 30, 2010 under the same terms and conditions with no further action required, and to terminate the Agreement upon a 10-day prior written notice.
4. Delegate authority to the Interim Director of Health Services, or his designee, to increase the total maximum obligation of each of the above-mentioned Agreements by no more than 25 percent above their respective Fiscal Year (FY) 2009-10 maximum obligations for a potential annual increase of \$90,476 and a grand total potential increase through June 30, 2012 of \$208,266 for equipment coming off warranty, emergency or unanticipated equipment maintenance and repair services.

#### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS**

Approval of the recommended actions will allow the Department of Health Services (DHS) to execute Amendments, substantially similar to Exhibits I, II, and III, for the continued provision of equipment maintenance and repair services and other highly specialized/critically needed hospital services at various DHS facilities. The Agreements expire June 30, 2009.

When possible, DHS contracts with Original Equipment Manufacturers (OEMs) to ensure that the equipment, which often uses proprietary technology, performs in accordance with equipment specifications and complies with all accrediting and licensing agencies' requirements, including The Joint Commission. Steris is an OEM and due to the proprietary nature of the technology, no other firms can provide the required maintenance services. Steris agreed to sign an Amendment for three years under the same terms and conditions without an increase in rates.

The recommended six-month and one-year extensions for the Agreements with TRE and National are recommended to allow DHS sufficient time to conduct competitive solicitations and obtain Board approval of replacement agreements. DHS is currently working on a Request for Statement of Qualifications that will be released in the next few months to solicit qualified vendors for maintenance and repair services of endoscopes. DHS is also planning to complete a competitive process for the services currently provided by National during FY 2010-11.

Delegated authority to increase the maximum obligation by no more than 25 percent is requested to ensure that DHS facilities can obtain the necessary services for equipment coming off warranty in the future and for unanticipated maintenance and repair services to ensure compliance with The Joint Commission standards.

### **Implementation of Strategic Plan Goals**

The recommended actions support Goal 4, Health and Mental Health, of the County's Strategic Plan.

### **FISCAL IMPACT/FINANCING**

The FY 2009-10 total cost is \$452,379 of which \$361,903 is for equipment maintenance and repair services and \$90,476 is for potential increases under delegated authority. Funding is included in DHS' FY 2009-10 Proposed Budget and will be requested in future fiscal years. The maximum obligations, including potential increases for each DHS facility by Amendment, are identified on Attachment A.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

#### **Steris**

Hospitals rely on the sterilization of medical and surgical instruments and equipment as a key factor in preventing infections. Sterilizers and processors are used to destroy or eliminate all forms of bacteria to prevent infection and contamination.

On June 17, 2003, your Board approved an Agreement with Steris after the purchase order reached the Purchasing Agent's authority for maintenance and repair services of sterilizers. Most recently on June 21, 2005, your Board approved an Amendment with Steris, effective July 1, 2005 through June 30, 2009. The Contractor has agreed to renew the Agreement for three years under the same terms and conditions without an increase in rates.

Under the current Amendment, LAC+USC uses Steris exclusively for System 1, a device used for sterile processing of immersible surgical and diagnostic devices. The annual cost for LAC+USC has tripled because there are significantly more operating rooms in the Replacement Facility than in the old facility. Each operating room is equipped with the most advanced new equipment from Steris, including sterilizers, washers, and operating tables. All pieces of equipment require routine preventative maintenance from the OEM.

### National

The Radiology Departments of DHS' medical centers are mandated to maintain an accurate list of radiology equipment currently being used and a record of their inspections by the State Department of Public Health and The Joint Commission. Only certified medical physicists can conduct physics evaluation inspections, radiographic tube evaluation, and radiation safety analysis of the radiology equipment. The physicists are certified for a specific area, such as diagnostic radiology, radiologic physics, radiation oncology, by the American Board of Radiology.

On June 29, 2004, your Board approved an Agreement with National after the purchase order reached the Purchasing Agent's authority for radiation detection and calibration services for radiology equipment at Olive View. Most recently on May 29, 2007, your Board approved an Amendment to continue this service through June 30, 2009. In addition to radiation detection and calibration services, the facilities also need National to provide service reports, survey readings, and certification of the equipment to meet all licensing, accrediting and regulatory agencies requirements.

The annual cost for Olive View and Mid-Valley has increased because Olive View has new equipment (mammography units, Cath Lab, and CT Scanners) being added to the Agreement. It is more time consuming to service the new digital equipment than the previously used analog equipment. An additional service is being added to the Agreement. National is responsible for accreditation by the American College of Radiology (ACR) for both the equipment in the Cath Lab and the CT Scanners and Olive View staff. The accreditation is voluntary; however, insurance payers are not paying if the equipment and facility are not accredited by ACR. In order to meet the legal requirement for performing screening mammography on patients, all screening mammographic units must meet the federal Mammographic Quality Assurance Act (MQSA), as well as all applicable California Administrative Code Title 17 requirements. LAC+USC purchased new radiology equipment for a number of departments at the Replacement Facility that requires services by a certified medical physicist. Previously a County physicist, who has subsequently retired, provided the services. The County does not currently have in-house staff that is able to service the system so it is more expedient to include the equipment in the contract.

### TRE

In order to improve medical diagnoses, hospital staff use endoscopes that are fitted with an electronic camera assembly and inserted into a patient's body, supplying doctors with clear images of internal organs, allowing for more accurate diagnoses. Endoscopes should be checked frequently for leaks, clogging, fluid invasion, and other problems. Proper maintenance is therefore crucial to maximizing the endoscopes effectiveness and longevity.

On June 7, 2006, your Board approved an Agreement with TRE for the provisions of maintenance and repair services of endoscopes for Harbor and Olive View, effective through June 30, 2009. Harbor uses this Agreement for endoscopes utilized by both the Gastro-Intestinal Lab and Operating Rooms, while Olive View uses this Agreement exclusively for the Gastro-Intestinal Lab. Olive View obtains services from two other contractors for endoscopes utilized by the Operating Room.

The Agreements contain all of the latest Board-mandated provisions. The County may terminate each of the Agreements with 10 days prior written notice. DHS has determined that these are not Proposition A agreements because the services provided are intermittent and highly specialized, therefore, the County's Living Wage Program does not apply.

County Counsel has reviewed and approved Exhibits I, II, and III as to use and form.

#### **CONTRACTING PROCESS**

Not applicable.

#### **IMPACT ON CURRENT SERVICES**

Board approval of these actions will allow for the continued provision of equipment preventive maintenance and repair services and other highly specialized, critically needed hospital services for DHS Facilities.

#### **CONCLUSION**

When approved, DHS requires three signed copies of the Board's action.

Respectfully submitted,

John F. Schunhoff, Ph.D.  
Interim Director

"12. PROHIBITION AGAINST ASSIGNMENT AND DELEGATION

A. Contractor shall not assign its rights or delegate its duties under this Agreement, or both, whether in whole or in part, without the prior written consent of County. Any assignment or delegation which does not have such prior County consent shall be null

and void. For purposes of this Paragraph, such County consent shall require a written amendment to this Agreement which is formally approved and executed by the parties. Any billings to County by any delegatee or assignee on any claim under this Agreement, absent such County's consent, shall not be paid by County. Any payments by County to any delegatee or assignee on any claim under this Agreement, in consequence of any such County consent, shall reduce dollar for dollar any claims which Contractor may have against County and shall be subject to setoff, recoupment or other reduction of claims which County may have against Contractor, whether under this Agreement or otherwise.

B. Shareholders or partners, or both, of Contractor may sell, exchange, assign, divest, or otherwise transfer any interest they may have therein.

However, in the event any such sale, exchange, assignment, divestment or other transfer is effected in such a way as to give majority control of Contractor to any person(s), corporation, partnership or legal entity other than the majority controlling interest therein at the time of execution of this Agreement, then prior written consent thereof by County's Board of Supervisors shall be required. Any payments by County to Contractor on any claim under this Agreement shall not waive or constitute such County consent. Consent

to any such sale, exchange, assignment, divestment, or other transfer shall be refused only if County, in its sole judgment, determines that the transferee(s) is (are) lacking in experience, capability and financial ability to perform all Agreement services and other work. In the event of such termination, County shall be entitled to pursue the same remedies against Contractor as it could pursue in the event of default by Contractor."

7. Additional Provisions Paragraph 37, CONTRACTOR RESPONSIBILITY AND DEBARMENT shall be replaced in its entirety to read as follows:

"37. CONTRACTOR RESPONSIBILITY AND DEBARMENT:

A. A responsible Contractor is a Contractor who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity and experience to satisfactorily perform the contract. It is County's policy to conduct business only with responsible contractors.

B. Contractor is hereby notified that, in accordance with Chapter 2.202 of the County Code, if County acquires information concerning the performance of Contractor on this or other contracts, which indicates that Contractor is not responsible, County may, in addition to other remedies provided in the contract, debar Contractor from bidding or proposing on, or being awarded, and/or performing work on County contracts for a specified period of time, which generally will not exceed five (5) years or be permanent if warranted by the circumstances, and terminate any or all existing contracts Contractor may have with County.

C. County may debar Contractor if County's Board of Supervisors finds, in its discretion, that Contractor has done any of the following: (1) violated a term of a contract with County or a nonprofit corporation created by County, (2)

committed an act or omission which negatively reflects on Contractor's quality, fitness or capacity to perform a contract with County, any other public entity, or a nonprofit corporation created by County, or engaged in a pattern or practice which negatively reflects on same, (3) committed an act or offense which indicates a lack of business integrity or business honesty, or (4) made or submitted a false claim against County or any other public entity.

D. If there is evidence that Contractor may be subject to debarment, the Department will notify Contractor in writing of the evidence which is the basis for the proposed debarment and will advise Contractor of the scheduled date for a debarment hearing before the Contractor Hearing Board.

E. The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. Contractor and/or Contractor's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, the Contractor Hearing Board shall prepare a tentative proposed decision, which shall contain a recommendation regarding whether contractor should be debarred, and if so, the

appropriate length of time of the debarment.

Contractor and the Department shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board of Supervisors.

F. After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision and any other recommendation of the Contractor Hearing Board shall be presented to the Board of Supervisors. The Board of Supervisors shall have the right at its sole discretion to modify, deny, or adopt the proposed decision and recommendation of the Hearing Board.

G. If a Contractor has been debarred for a period longer than five (5) years, that Contractor may, after the debarment has been in effect for at least five (5) years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that Contractor has adequately demonstrated one or more of the following: (1) elimination of the grounds for which the debarment was imposed; (2) a bona fide change in ownership

or management; (3) material evidence discovered after debarment was imposed; or (4) any other reason that is in the best interests of County.

H. The Contractor Hearing Board will consider a request for review of a debarment determination only where (1) the Contractor has been debarred for a period longer than five (5) years; (2) the debarment has been in effect for at least five (5) years; and (3) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment, and includes supporting documentation. Upon receiving an appropriate request, the Contractor Hearing Board will provide notice of the hearing on the request. At the hearing, the Contractor Hearing Board shall conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by the Contractor Hearing Board pursuant to the same procedures as for a debarment hearing.

The Contractor Hearing Board's proposed decision shall contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Contractor Hearing

Board shall present its proposed decision and recommendation to the Board of Supervisors. The Board of Supervisors shall have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.

I. These terms shall also apply to any subcontractors of County Contractors."

8. Except for the changes set forth hereinabove, Agreement shall not be changed in any respect by this Amendment.
